SMS for Authorities

Fact Sheet

Our SMS Training for Authorities links safety to risks and shows particularly how to perform different types of risk assessments individually and as a group. Our experienced trainer team illustrates the topic with the help of interesting case studies and practical examples from the aviation industry. This course gives you the theoretical knowledge and skills necessary to conduct professional hazard analysis, risk assessment and risk mitigation recognized by ICAO standards and EASA regulations.

SMS for Authorities
Syllabus

- Make Safety a System
- How to Audit a SMS – EASA
