

# IOSA Auditor Training

## Fact Sheet

As the first IATA Endorsed Training Organization (ETO) we have successfully conducted more than 125 IOSA Auditor Training courses all over the world with around 1,600 participants. Our trainers have many years of practical experience in IOSA and a solid academic background. All trainers are IOSA Lead Auditors.

The conceptual design is influenced by our considerable experience as the world's first Audit Organization in the IOSA market. Benefit from our comprehensive IOSA proficiency and become an IOSA expert. We have the capacity to offer in-house IOSA Auditor Training (IAT) courses all over the world even on short notice.

# **IOSA Auditor Training**

## Why should people attend the course?

The aim of the course is to give participants a deep understanding of the IOSA Audit Program. By completing the IAT participants have the chance to become IOSA Auditors and therefore bring value and motivation to improve safety in the aviation industry.

## What is the most valuable thing the participants will gain?

At the end of the training, participants will know how to 'think and apply' the IOSA auditing program effectively.

- Stefany Trombi

## | Target Group

- Experienced aviation auditors seeking an IOSA upgrade, e. g. for working with an accredited audit organization
- Airline internal auditors and airline IOSA designees

## | Prerequisites

- Sufficient aviation and audit experience to follow and understand the course contents and exercises

## | Objectives

Become an IOSA subject matter expert, train in IOSA auditing techniques including the use of the IOSA checklists as well as interpretation of the IOSA Standards and Recommended Practices (ISARPs).

## | Certification

Participants who pass the written exam will receive the IATA certificate for completing the IOSA Auditor Training course.

Frankfurt/Main, GER or worldwide, according to customer demand

5 days
