

Aviation Auditor Recurrent Training & Aviation Lead Auditor Training

Fact Sheet

This training highlights legal industry standards as well as changes in regulations. Practical audit scenarios will be discussed and evaluated. It serves as a refresher of the main facts of auditing in order to stay currently qualified.

Learn how to manage a team, deal with possible conflicts, traps and cultural differences as well as how to improve your auditing skills and presentation techniques. Furthermore, you will review audit follow-up processes as well as corrective action requests in order to be proficient as an Aviation Auditor.

Aviation Auditor Recurrent Training Syllabus

- Update on Requirements & Norms
- Audit Preparation
- Evolution QMS - SMS
- Auditing a Safety Management System
- Use of an IOSA Checklist
- Interpersonal Skills & Auditor Characteristics
- Ramp Inspection Programmes (SAFA/SACA)

I found the information about changes in the regulation very useful. The course refreshed my knowledge as an auditor

Raimonds Grinevicus
Air Baltic Corporation

The trainer was really open and interactive, the content was well organized and the group was very good. I can apply what I learned in practice

Risto Länts
Lufthansa Systems FlightNav AG

Target Group
