

EASA Part M/CAMO + Part 145 Training

Fact Sheet

EASA Part 145 Training is addressed to personnel responsible for regulatory compliance within their organization. Theoretical familiarization within regulatory environment (Commission Regulation (EU) 1321/2014 Annex II) together with the practical approach are foundations to build an efficient and stable Part 145 organization.

EASA Part M/CAMO Training is dedicated to personnel involved in continuing airworthiness process. We are offering unique combination of theoretical knowledge with the practical approach giving course participants efficient tools for everyday work.
